

Waste Management

Save That Stuff
200 Terminal Street
Charlestown, MA 02129
(617) 241-9998

Akimenko Meats will be contracting Save That Stuff as their waste management provider. Save That Stuff follows a similar philosophy as Akimenko Meats in reducing waste and trying to keep unneeded waste from our landfills. They will be providing composting services that will collect all of the waste we produce that can be taken from them, this includes: egg shells, raw and cooked protein, vegetable matter, and other compostable materials. Please see attached flier to see all that they compost. They will also be picking up our regular waste and recycling if needed.

The containers used are the typical 95 gallon wheeled trash receptacles. They will be in the area labeled on the drawing. The pickup schedule is not set until we are ready for them to begin services. The times will be within the city codes and laws regarding trash pickup.

Pictures of the receptacles are provided.

8 Cubic Yard - Container

CLOSE X

Compost and clean up your trash...

Integrated Pest Management

Best Pest
63A Elm Street
Somerville, MA 02143
(617) 625-4850

Akimenko Meats is in conversations to contract with Best Pest of Somerville for pest management. Best Pest has been in business for 15 years and works with several food establishments in Somerville and will be working with Akimenko Meats to develop an Integrated Pest Management Service to meet our needs. They will assess the building and our routine to assess our needs in order to maintain a clean workplace. After we have the ZBA approvals and have the lease in place we will have Best Pest design and implement an Integrated Pest Management program for us.
